the Republicans of the nation spoke vesterday for honest money and for honest government with no uncertain voice. Not only has Mr. Mckinley carried all the States which were his in 1990, but he has added thereto several States in the Far West, cough materially to increase his plurality in the Electoral College. The Congress of the United States will be Republican by an increased majority, and there will be Republican gains in the Senate. The misguided adherents of Bryan are crashed in every direction. There is scarcely a spot in the entire country where they made any gains or cut any considerable figure in the voting.

In New York City the Democrats made a slight gain over the vote of 1896, but fell far below the normal Democratic major-

In Brooklyn there are losses for McKinley over the vote of 1896, but large Republican gains over the vote of two years ago.

The New England States are solid for McKinley The Middle States all vote for him. The South is probably unchanged from the vote of 1896. It is in the Far West, therefore, that President Mckinley has made his greatest gains. At this writing the returns are meagre. but there is no doubt that several States which were carried by Bryan in 1896 gave

their vote to Mckinley this year. Of the so-called doubtful States, Maryland votes for McKinley by 12,000 to 15,000; West Virginia gives a Republican plurality of not less than 10,000; Kentucky, although very close, apparently has also gone Republican; Indiana rolls up a larger Republican vote than she gave in 1896, and Illinois is overwheliningly, Republican.

Wisconsin surpassed her record of four years ago, when she gave 102,000 plurality to McKinley. The entire Congress delegation is Republican.

Minnesota gives McKinley 50,000 plurality and elects a Republican Legislature that will elect a United States Senator to succeed Neison. Republicans elect five out of seven Congressmen.

The result in Colorado is victory for Bryan who carries the State. The entire Republican State ticket is elected, and the Legislature is likely to be Republican on joint ballot. Shafroth (Silver Rep.) for Congress is probably defeated by Bonynger (Rep). South Dakota gives McKinley a plurality estimated at 3.000.

North Dakota more than held up its

Nevada remained true to free silver and gave Bryan a plurality of from 500 to

Bryan carried Missouri by a decreased plurality. Both sides claim the Governorship, the Democrats for Dockery by 15,000, and the Republicans for Flory by 10,000.

Arkansas gave a reduced Bryan plurality. It will be about 45,000. In some places there was so little interest in the voting that the polls were not opened until

Oregon voted for McKinley, giving a plurality estimated at 12,000. . This is a big

Bryan has probably carried Montana, but | 84.900 over Odeil by a largely reduced plurality. The Republicans have undoubtedly elected their State ticket, the Legislature and Congressmen. This result is due to the split in the Democratic party of the State.

SMALL VOTE IN SOUTH CAROLINA. Bryan's Majority 25,000 to 30,000-All Seven

Congressmen Are Democrats. COLUMBIA, S. C., Nov. 6 .- The vote polled in South Carolina to-day was even smaller than usual. The indications are that not over 40,000 were polled. Bryan's majority being between 25,000 and 30,000. The Democrats elected all the Congressmen as follows: William Elliott, Jasper W. Talbert, A. C. Latimer, Joseph T Jo nson, D E Finley, Robert B Scarborough and William Stokes.

The only serious opposition was by the Rev W. W. Brackett, a negro, against Elliott in the First district. Charleston's white vote insure Elliott's election by 1,200. Elliott is the only sound money man in the delegation. The Legislature will reelect Senator B. R. Tillman. he having been nominated in the primaries M. B. MoSweeney, the primary nominee for Governor, was reejected without opposition.

DELAWARE RETURNS M'KINLEY. Democratic Legislature and Defeat for J

WILMINGTON, Del., Nov. 6.-The vote in Delaware is close, but pretty surely elects McKinley by from 1,500 to 2,600. The returns at inid-night indicate that the Democrats will control the Legislature and will elect their Senators. This is defeat for J. Edward Addicks.

Arkansas for Bryan by 60.000. LITTLE ROCK, Ark., Nov. 6 .- The Gazette cofimates a majority of 60,000 for Bryan in Ar-

OHIO GIVES M'KINLEY 75,000. It is the Largest Parailty Erer Given to s Presidential Candidate.

COLUMBUS, Obio, Nov. 7. . 1 A. M .- The Republican State Committee has asserted that Ohio would give McKinley a plurality con siderably in excess of that of 1896, which gave 51,109. The largest ever given in the State was that of 60,055 for Lincoln in 1864. The next largest was that given McKinley four years ago, the Republicans are making large gains in the country districts and have sustained small losses in the city precincts which have reported up to midnight.

Chairman Dick has issued a statement in which he says that the returns justify the claim that the Republican plurality in Ohio will be from 75,000 to 80,000, which is the plurality Chairman Dick also claims the election of seventeen and possibly eighteen of the Republican and possibly three members. This Congress estimate includes the Third and Twelfth, which are now represented by Democrats, and the Twentieth, represented by a Republican, which has been considered doubtful because of Republican factional differences, with a possibility of Republican success in the Fifth district, where there is strong opposition to John Snook, the Democratic candidate.

COLUMBUS, Obio, Nov. 6 - McKinley carried Ohio by at least 50,000. The entire Republican State ficket is elected. Bryan made gains in the city of Columbus, reducing McKinley's plurality of four years ago, but the entire Ropublican county ticket was elected. John J. Lentz (Dem) was defeated by Emmett Tompkins for Congress.

The chairman of the Republican Committee in Stark county, the home of President McKiney telegraphs State Chairman Dick that returns at 10 o'cleck indicate a Republican plurality in the county of 1,700, an increase of 850 over 1806. The chairman of the committee in Summit county, the home of State Chairman Dick, says in a despatch to Gen. Dick that the Republican plurality in the county will be 1,500, an increase of 600 over four years ago.

Fifty-three precincts in Franklin county show an average Republican gain of 1514 to a precinct. This ratio of gain will be increased by the country precincts yet to be heard from and indicate Congressman John J. Lentz's certain defeat in the Twelfth district.

In Hamilton county the polls close at 2 P. M. two hours earlier than elsewhere in the State and reports from one fourth of the precincts in that county show an average Democratic gain of twelve to a precinct, which would reduce the Republican plurality in the country to 16,000. George B. Cox claims the county for McKinley by 15,000.

Toledo and the Ninth Congress district

give McKinley 40,000 plurality. CLEVELAND, Nov. c. Twenty precincts throughout the city showed Democratic gain of 177 to a precinct. If this is continued throughout the city McKinley will carry the city by 800; will carry county outside city by 3.500. The Western Reserve, outside of Cleveland,

shows material Republican gain. CINCINNATI, Nov. 6.-One hundred and seventy-five precincts out of a total of 204 precincts in Cincinnati give McKinley 37,158, Bryan 26,423, a net Democratic gain of 2,062 The same ratio of loss for McKinley carried out in the county would still give him a plurality in the county of 17,000. Shattuck (Rep.) is certainly reelected to Congress in the First district and Bromwell (Rep.) probably resected in Second, although latter's majority will be small. The entire Republican county ticket is elected.

Both Sides Claim It-Republicans Gain Three and Postbly Four Congressmen.

LOUISVILLE, Ky., Nov. 7 .- At 1 A. M. practically complete returns had been received from 45 out of 119 counties, ut these returns are by means sifficient to indicate with any degree of crtainty the final result B th sides are claiming the State, and the majority in the Elevent district will probably be the deciding vote. The Democrats have gained in some sections, notably in the First district, but the late returns showed surprising gains for Yorkes in the Seventh, Eighth, Ninth and Tenth. The Democrats elected to Congress are Wheeler in the First and Alien in the Second by reduced majorities, Smith in the Fourth, Gooch in the Sixth and Trimbe in the Seventh. The Republica is elected Moss in the Third by a small margin, Irwin in the Fifth by a handsome majority, Williams in the Lighth, He kins in the Tench and Boering in the Leve th. The Nin h is in doubt, with the chances in favor of Pugh, the Republican, This is a loss of three and possibly our Congressmen for the Democrats. The State is so close that it is very probable that Bryan will receive the electoral vote and Yerkes. Republican, be elected Governor. Yerkes leads Mckimey by about 1,000.

BRYAN'S VOTE CUT IN MONTANA. Republicane Claim Victory On State, Congress

and Legislative Tickets,
HELENA, Mon., Nov. 6.—The Democrats
claim Montana for Bryan by 5,000. The Republicans concede that the chances favor the Bryan Electors, but claim the balance of the ticket, including Governor, the Legislature, and Congressmen by substantial pluralities The Democrats were split on these tickets by the Daly-Clark row.

Returns from Butte, Anaconda, Great Falls and Helena, the four chief cities of the State, quarters at Chicago and New York and at indicate that the Republicans will elect the news centres on how the election was pro-State ticket, Congressmen and county tickets. BISMARCE, N. D., Nov. 6 .- Returns from he State so far as received indicate the election of the McKintey electors by a normal Repubican majority and the election of Thomas Marshait, Republican, for Congress, and the Republican State ticket headed by Frank White for Governor. Secretary Jewell of the Repubican State Committee claims the State by an increased Republican majority. The estimate by the best political authorities in the State is 10,000 Republican plurality, comparing returns with those of four years ago. The Legislature is overwhelmingly Republican.

Adt. M'KINLEY HEARS THE NEWS

SURROUNDED BY FRIENDS HE GETS DESPATCHES OF VICTORY.

From the Very Outset the News Was Favorable and the Household Was Cheerful-The Way the Returns Came In-Scenes Earlier in the Day-The President at the Polis Cordial Greeting to Chairman Hanna Who Made a Visit to Canton in the Afternoon.

CANTON, Ohio, Nov. 6 .- Telegraph bulletins of the election were received at the McKinley home in the room on the second floor above the reception room and from the same room shown by the Republican poll of the State. The office room of President McKinley conmuch of the news from Canton was despatched. tained the telephones giving direct communicandidates for Congressmen, a net gain of two and New York with Gov. Roosevelt's residence cation with National Headquarters at Chicago at Oyster Bay, New York, with the White House and with the Union Club at Cleveland where Senator Hanna was receiving the returns.

The President and a number of men friends received the early despatches in the library, while Mrs. McKinley and the women visitors were receiving the news in the rooms on the south side of the house. The front reception room was occupied by the reporters

The first news came from New York and was in line with what have been the expectations all alone, indicating a great victory in the Fmpire State. It was followed by reports indicating Republican successes in Cook county and Maryland. Fuller details in the way of figures seemed to make McKinley's election by a big vote a certainty

One of the pleasantries of the evening was a flash over the wires from Senator Scott to Senator Hanna, saying: "Shake, old limpy; shake." It was the use of the committee name that Senator Hanna's rheumatism has earned The President received the intelligence pas-

ively, but the others in the house could not restrain a ripple of laughter when the news came at 9:45 o'clock that Bryan would make no statement until he had full returns and that he had gone to bed.

About 10:30 o'clock J. H. Manley telegraphed the President from New York headquarters as follows:

"Praise God from whom all blessings flow Your triumph and reelection are conceded by the Democratic managers. I tender my earness congratulations. We are very happy at headquarters every State in your district will give you its electoral vote."

CANTON, Ohio, Nov. 6 -- At 11 o'clock Judge

Day, who had been following the returns closely, authorized a statement that McKinley had carried at least twenty-seven States with 284 votes that the President is satisfied that it will not be less. Hon. W. A. Lynch, Gold Democrat, also receiving news with the President, said at the same time that McKinley's electoral vote would not be below, 284 and it looked as though i would exceed 300

President McKinley was in good spirits all day and awaited the coming of the election bulletins with complacence and apparent confidence, which, if possible, was strengthened upon the arrival of Senator Hanna and the news they together received soon afterward. Whatever story the count of the ballots had in store for them, there was nothing in the signs that discouraged them. The President went to the polls soon after breakfast and at 9:17 o'clock deposited his ballot. There was some flutter about the polling place as he approached, so far as the President himself was concerned he exeroised the right of franchise in the same democratic fashion that he has always done. Judge Day, his neighbor, who votes in the same pre cinct, walked to the polls with him, and they

a Republican landslide. Nebraska probably in line. Pettigrew defeated overwhelmingly."

RESENTING TO THE RESENT OF THE PROPERTY OF THE PROPERT THE PRESIDENT CASTS HIS BALLOT. The President saluted a number of friends along the way, and just at the door recognized the deputy marchal on duty as an old acquaintance and stopped to shake hands with him. Once inside, he removed his hat, gave his nam and residence, and after the clerk had called out his register number, 802, took the ballo handed him, entered the booth for an instant, and with a cordial bow and smile and a pleasant "Good morning, gentlemen," left the room On the step he stopped to shake hands with the oldest voter in the city, and then with a

group of others who had gathered. Meantime, Judge Day cast his ballot and rejoined the President. During the day a number of callers appeared at the house and received the usual hearty welcome, and so far as possible their wants were satisfied.

MR. HANNA ARRIVES. Senator Hanna was expected at 1 o'clock and the President's carriage, occupied by Secretary Cortelyou, went to the station to neet him. Luncheon was delayed until the train arrived, and part of this time the President spent walking about the lawn exercising and whistling low a familiar air in the mos contented fashion.

"How are you, Senator?" he said to the naonal chairman on the lower steps of the porch "How do you do, Mr. President?" came the

response. "This is an anniversary, do you know it?" The President did know. Just about the same time of the day four years ago Chairman Hanna came down to Canton to assure his chief tha the battle of the ballots was going in his favor "You are looking better than you did the last time I saw you," said the President to Mi Hanna as he turned to greet the other members of the party, the Senator's brother Leonard Hanna, and Col. Myron T. Herrick. Luncheo. with Mrs. McKinley was then taken and after ward communication was had with headgressing, on the weather, the size of the just before he left for Cleveland, at 4:30 P. M., report was gratifying and that he was in every

way pleased with the outlook. "On the surface there is not an unfavorable symptom," he said, "and I do not believe that here is anything unfavorable under the sur face, Good order prevailed everywhere. Nearly everywhere the weather was fine and the voting was heavy in the early morning

It had been expected that Senator Hanna and Col. Herrick would remain in Canton to receive the returns with the President, but Cleveland friends prevailed upon them to receive at the Union Club, Cleveland. There is, how ever, close communication between the National hairman and the McKinley home to-night Dinner was served at the usual hour at the McKinley house and soon thereafter relatives and friends who had been invited to receiv the returns there began to arrive. There was a large force of telegraph and telephone operators in the house receiving advices from an quarters.

"My fellow citizens, I thank you for the very great compliment of this call on this inclement night and at this late hour. INDIANA BY 30,000

The Republicans Show an Increase Over 1896 -They Gain a Congressman.

INDIANAPOLIS, Ind., Nov. 6 .- At midnight the returns from Indiana indicate that the Republicans have carried the State by a plurality that will reach 30,000. If the ratio of gains continues the Republicans will also elect their state ticket and have majorities in both branches of the Legislature. The returns from the Congress districts are not complete enough to base a conclusion upon, but it is certain that the Republicans have held their own and have possibly elected their candidate in the Fourth district, making a gain of one member. The Democratic campaign committee do not concede a Republican victory, but claim that later returns from the country districts will show Democratic gains.

Mr. Harry S. New, editor of the News, gave out this interview:

"McKinley has carried Indiana beyond the elightest possibility of doubt and I fully expect the plurality to exceed 25,000. The chances are that we shall gain two Congressmen. All the State officers and both branches of the General Assembly are Republican, Fuller returns will increase rather than decrease McKinley's plurality."

WEST VIRGINIA FOR M'KINLEY. Republicans Claim 18,000 Plurality-All the

Congressmen Republican. WHEELING, W. Va., Nov. 6 .- The Democrat have almost conceded the State. The Republi can managers claim that President McKinley will have a plurality of about 15,000. In th Third district the Republicans have gained a Congressman, knocking out the Charleston Democratic combine. The Republicans have elected to Congress in the First district B. B. Dovener: Second. Alston G. Dayton: Third. Joseph H. Gainer: Fourth, James E. Hughes The Legislature is in doubt, and the result may not be determined for two days. The Democrats claim it, but the Republican managers are confident of a working majority.

Later returns give every reason for the belief hat McKinley's plurality will be about 17,000 The four Congressmen have undoubtedly been elected by the Republicans. The Legis lature is claimed by both parties, but in view of the increased Republican plurality the Republicans seem to have it. They have made heavy gains in Democratic districts, especially about Parkersburg.

100,000 PLURALITY IN 10WA. Eleven Republican Congressmen Belleved to Have Been Elected.

DES MOINES, Ia., Nov. 6 .- From the returns

received at Republican Headquarters up to midnight Chairman Weaver claims the State for McKinley by at least 100,000 plurality The gains are constant and average twenty to a precinct over the vote of 1596.

The committee claims the election of the eleven Republican members of Congress from the State, but admit that the Second district is very close, although from the returns received Chairman Weaver believes that Rum ple, the Republican candidate, has been elected. THE VICTORY GROWS.

The Plurality of McKinley Increasing Everywhere.

Nebraska, Indiana, Kansas and Utah Largely Republican.

IN CONGRESS.

Bryan's Own State Repudiates Him by a Big Vote.

Returns received in THE SUN office up to 4 o'clock A. M. increase rather than dimin-

ish the extent of the Republican victory. The pluralities for McKinley as given in various parts of this edition of THE Sun all hold up, and in almost every instance are considerably increased. The one State that appears to be in doubt is Kentucky. Both sides are claiming it, but it seems likely that its electoral vote will go to Bryan, while the Republican candidate for Governor will be

States like Illinois, Michigan, Wisconsin. Iowa, North Dakota, South Dakota, Kansas and Wyoming, as well as the States on the Pacific Coast, show much larger pluralities for Mckinley than are recorded in other parts of this paper.

In Nebraska, Bryan's own State, the Republicans hope to find the plurality finally as high as 20,000.

Utah continues to show a good account of itself, and is surely Republican. Monof the Republican State and Legislative tickets, although the electoral vote will go to Bryan. The pluralities in the Eastern States are practically as given elsewhere. It is a Republican victory more sweeping

He Congratulates Him and the Nation on the OYSTER BAY, L. I., Nov. 6 .- Gov. Roosevelt

ent the following despatch to President McKinley to-night: "OYSTER BAY, Nov. 6, 1900. "President William McKinley, Canton, Ohio:
"I congratulate you and I congratulate far more the nation. I feel the most heartfelt

gratitude over the result. "THEODORE ROOSEVELT." The receiving of the election news by the Governor was merely an incident in a quiet evening at Sagamore Hill, and the Governor did not forget, in his interest in what the voters had done, that there had been a big football same between Columbia and Princeton. He asked for the results of the game as soon

as he had learned that New York State was

safe for the Republicans. The Governor made no special arrangements for getting the returns at his home There is no telephone in his house and he declined offers from the telegraph and telephone companies to put wires in for election night. He did ask some of his friends at Oyster Bay o let him know what they heard.

The Governor was at dinner with his only guest of the day, Lieut. Ferguson, of the Rough Riders, when the first neighbor arrived with election news. That was about 8:30 o'clock. Gov. Roosevelt went out on the steps to meet him and was told that New York State was Republican by about 150,000.

"That settles it," said the Governor. "That's more than I expected." Then he astonished his neighbor, who was inclined to talk more about election, by asking him about that football game. The callet wasn't sure, but thought that Columbia had won by a score of 6 to 5.

In the meantime the members of the Govpernor's family, who seemed to be more excited about the election than he was, were waiting impatiently for him to come back to the house to tell them what he had heard. They finally sent Lieut. Ferguson out to get the news for them.

The Governor got later reports through the evening from newspaper men and after hearing of Republican victories in the Western States exclaimed: "This proves that the American people are

That was the only comment he said that he had to make on the election to-night. He said e would sit up till 12:30 o'clock to hear more from the Western States in which he had seen the fight himself, and then go to bed. The Governor gave out during the day the text of the two telegrams which he received

last night from Mayor Van Wyck and Sheriff

Grell in response to his jetters, in which he insisted upon harmony between State and city officers at the poils. Here are the tele grains: "Hon. Theodore Rossevelt, Oysier Hay, L. !
